

CHINA

Extending Welcome to American Fleet

ARRIVED THIS MORNING

China Desires Friendly Relations With Uncle Sam

Enthusiasm at Amoy is Unbound- ed and Preparations Are Being Made for Good Time

Amoy, China, Oct. 30.—The second squadron of the American battleship fleet is being entertained this afternoon in this ancient city of the Flowery Kingdom. The fleet officers were guests at a banquet given by Prince Lang, representative of the emperor.

Amoy, Oct. 30.—Eight battleships comprising the second squadron of the American battle ship fleet, under command of Rear Admiral William H. Emory, arrived here yesterday. To the Chinese the visit is of far-reaching importance, and every preparation has been made not only to extend to the representatives of the United States a flattering welcome, but to impress upon them China's desire for even more friendly relations than have prevailed heretofore.

The 16 ships of the fleet left Yokohama together on Sunday morning, but divided into two squadrons when two days out, the first under command of Rear Admiral Sperry on the flagship Connecticut, heading for Olongapo, Philippine Islands, and the second under Rear Admiral Emory, on the Louisiana, bound for Amoy. The two squadrons will join forces again at Manila, the second division being scheduled to leave this port on November 4 and to arrive at Manila on November 7.

China welcomes her American visitors with unbounded enthusiasm. The preparations to this end are complete, and Chinamen of exalted rank will take part in the festivities. China today is struggling to preserve the territorial integrity of Mongolia and Manchuria from the encroachments of Russia and Japan, and the presence of these American battle ships at Amoy is welcome to the Peking government because of the interpretation China has chosen to give to this friendly act—that the United States is inclined to support her in her contentions with her neighbors, an interpretation that is not recognized officially, but is of China's own making, the desire in this case being father to the thought.

DETECTIVES BAFFLED

SCOTLAND YARD MEN CAN FIND NO CLUE TO THE PRAEGER MURDER.

Is the Ninth of Series Which is Attributed to the Same London Criminal.

London, Oct. 30.—All clues and finger prints have failed to find the man who strangled Esther Praeger, in her bed room in a Russell Square boarding house the night of October 16. Scotland Yard detectives today confessed themselves baffled. The Praeger crime was one of a series extending through several years, committed in the same neighborhood, under substantially the same circumstances and detectives believe by the same man.

Detectives have long shadowed a man of good position and some means, whom they suspect of the Praeger murder as they did of those which preceded it, but as yet they have not sufficient evidence on which to base arrest. The murder is the ninth of the series that detectives attribute to the same criminal.

It is sometimes hard for a man to be on the level and climb upward.

We would all rather profit by the mistakes of others than by our own.

BLACK HAND AVENGERS CUT OFF ARMS OF MEMBER

Newark, N. J., Oct. 3.—With both arms cut off and the stumps unhealed Villardo Dippitt, a former member of the Black Hand, appealed to the Newark police for a guard to protect him from the still vengeful members of the band which he deserted and betrayed.

Dippitt, who was strangely shipped to this city from Johnstown, Pa., where he had lain unconscious for many days in a hospital, is now living at 34 Jefferson street under the name of Tony Petti but he told detectives that the Black Hand was still after him and he feared they had planned some further means of torturing and maiming him.

Dippitt says he joined the Black Hand in Morristown, W. Va., taking

the oath in an abandoned coal mine with a score of members heavily armed. Last spring he was suspected of having betrayed one of the members to the police, and he was lured to St. Michaels, Pa., where, on September 7, last, he was attacked by four men whom he recognized as members of the Black Hand. They dragged him into a switchman's shanty at the side of a railroad track, he says, and there one of their number, who was a physician, cut off his hands and arms just below the elbows, while the others held him. He was then, after suffering the pain of a double amputation, dragged out to the railroad track and choked to death. When he awoke he was in a hospital.

BRYAN SCORES STANDARD OIL AND SAYS TAFT FAVORS TRUSTS AND MONOPOLIES

Toledo, Oct. 30.—Bryan is today making his final appeal for Ohio votes by a whirlwind tour through Northern Ohio. After over a dozen speeches between this city and Cleveland, Bryan will tonight address two big mass meetings and review a parade at Cleveland. Bryan arrived here before noon from Syracuse, N. Y., after a brief stop at Cleveland. After the address here and at Napoleon, O., he started back through the northern Ohio cities.

Bryan gave out a signed statement in response to an interview in the morning papers by John D. Rockefeller advocating Taft's election. Bryan says that Rockefeller is for Taft, be-

cause Taft is for Rockefeller and the business interests he represents. Bryan charges that Taft has not, in any of his speeches, threatened trust prosecutions in case of his election, and says Taft is in sympathy with the trusts. Bryan continues: "If Rockefeller thought that Taft would enforce the law against the Standard Oil company and favor the enactment of more stringent laws against the Standard Oil company, as I do, he would not be for Taft. The Democrats have reason to be grateful to Rockefeller for tearing the mask off of the Republican campaign. The real master of the Republican party has now stepped forth and asserted his claim to party services."

WINDS UP OHIO TOUR

Norwalk, O., Oct. 30.—Governor Harris began the final day of his speech making tour of Northern Ohio with a 15-minute speech from the steps of the court house to 500 people here this morning. North Fairfield, Plymouth, Shelby, Mansfield, Crestline, Galion, and Bucyrus are on today's itinerary.

OHIOAN HURT IN WRECK.
Chippewa Falls, Wis., Oct. 30.—P. J. Tilton of Logan, Ohio, was one of the ten passengers slightly injured when the Chicago-Duluth limited train, north bound, jumped the track near Augusta.

TAFT VISITS SHERMAN'S CITY

Utica, N. Y., Oct. 30.—Vice Presidential Candidate Sherman was at the station to meet Taft when the latter's special arrived here this morning. Taft made two addresses. After paying a tribute to Sherman at a meeting in the Majestic theatre Taft discussed the issues of the campaign.

Mr. Warren Weiant left Friday afternoon on a business trip to Wheeling.

COUNTY COMMISSIONER DIES.
McArthur, Oct. 30.—F. M. Wood, commissioner of Vinton county, dropped dead yesterday afternoon from heart failure. He was the Democratic candidate for re-election. He was about 50 years old and was widely known as a stock dealer.

FIND BODY ON SHORE.
Port Clinton, Oct. 30.—The body of William Fox, 78, father of Capt. J. B. Fox of the steamer Lakeside, was found washed ashore on the north shore of West Sister island by the children of the lighthouse keeper while hunting their cows.

BLOODY FINGERS

Prints of Which Were Found on Dead Man Indicate That Murder Has Been Committed.

Detroit, Oct. 30.—The police today are trying to learn the identity of an unknown man, who with skull crushed and throat cut, was found in a lonely swamp west of Detroit last night.

The body was wrapped in a horse blanket, and tied up with horse reins. There were bloody finger prints on the ankles and wrists of the man, who was clad only in an undershirt and drawers. Police believe that the murder was the result of a domestic row, that he was slain while sleeping in Detroit and was carried in a contractor's dump wagon to the swamp where it was found.

MEETS DEATH IN TUNNEL

Chicago, Oct. 30.—Three men were fatally burned today in the explosion of gas in a tunnel on the South Side. The men were working to connect two tunnels between West Pullman and Chicago. A pocket of gas had formed and the workmen did not notice it. One of them struck a piece of rock with his chisel and the stone united sparks. A terrific explosion followed.

HEISEY COMPANY WILL INSTALL NEW LIGHTING PLANT

Contract Has Been Let to the Newark Electric Company—Will Use 20,000 Feet of Wire.

The contract for the complete installation of the electric light plant at the A. H. Heisey & Co. factory has just been awarded to the Newark Electric company, as against four outside competitors.

The contract is a big one, calling for from 15,000 to 20,000 feet of wire. The entire factory will be wired for lights furnished by their own power plant. The Newark Electric company expects to begin work on the contract the first of the coming week, when it is expected that the 40 Kw. General Electric generator and switchboard will be received.

The Heisey company has been furnished with power by the Licking Light and Power company heretofore.

SOLDIERS' MONUMENT AT KIRKERSVILLE, O.

This soldiers' monument at Kinkersville was dedicated with appropriate ceremonies on Oct. 24, 1908. The monument was built by funds raised by subscription. The cannon was in service during the civil war.

BRYAN

Has Left Empire State and is Now in Ohio

INITIATED INTO CLUB

Ceremony Occurs in Private Car During Syracuse Visit

Refutes Taft's Statement Regarding Guaranty of Deposits— Tendered Great Ovarations.

Syracuse, N. Y., Oct. 30.—Having delivered in this city last night his last speech of the campaign in the Empire state, William J. Bryan is now making another invasion of Ohio.

A feature in connection with Mr. Bryan's arrival here was his initiation, in his private car, into the order of Mystic Krewes of Kanoo, a Syracuse boosters' club. According to the rules of the club, he was given the Indian name of "Heap Big Talk Papoose of the Platte," which interpreted means "the boy orator of the Platte."

In his principal remarks here Mr. Bryan called attention to the fact that the campaign was now drawing to a close, and that the Republicans were resorting to threats of a panic in case he should be elected.

Mr. Bryan caused a storm of applause when, in discussing the guaranty of bank deposits as provided for in the Denyer platform, he quoted, in refutation of Mr. Taft's statement that the guaranty of bank deposits would weaken the national banking system, an excerpt from a United States consular report, as follows:

"The well known thrift of the German people has its foundation on facts. The savings banks of Germany have some 19,000,000 pass books out and their deposits amount to \$2,213,000,000. These deposits are practically all guaranteed by the various municipalities of the empire and the condition forms a bulwark of confidence in the security of private wealth and earnings that cannot be shaken by hard times, panics, bank failures, etc."

The only question, he said, was whether the deposit should be guaranteed by the banks or by the community. "We believe," he declared, "that the banks have advantage enough from the law to justify them in furnishing the security themselves."

The other issues of the campaign were taken up in turn by the Democratic candidate, who again insisted that Mr. Taft request his congressional committee to make known the source of its campaign contributions. Mr. Taft's position with respect to labor was roundly scored, and once again Mr. Bryan charged that a high protective tariff was the mother of panics. A feature of the meeting was the fact that it was presided over by Thomas W. Macnam, president of the Syracuse Chamber of commerce.

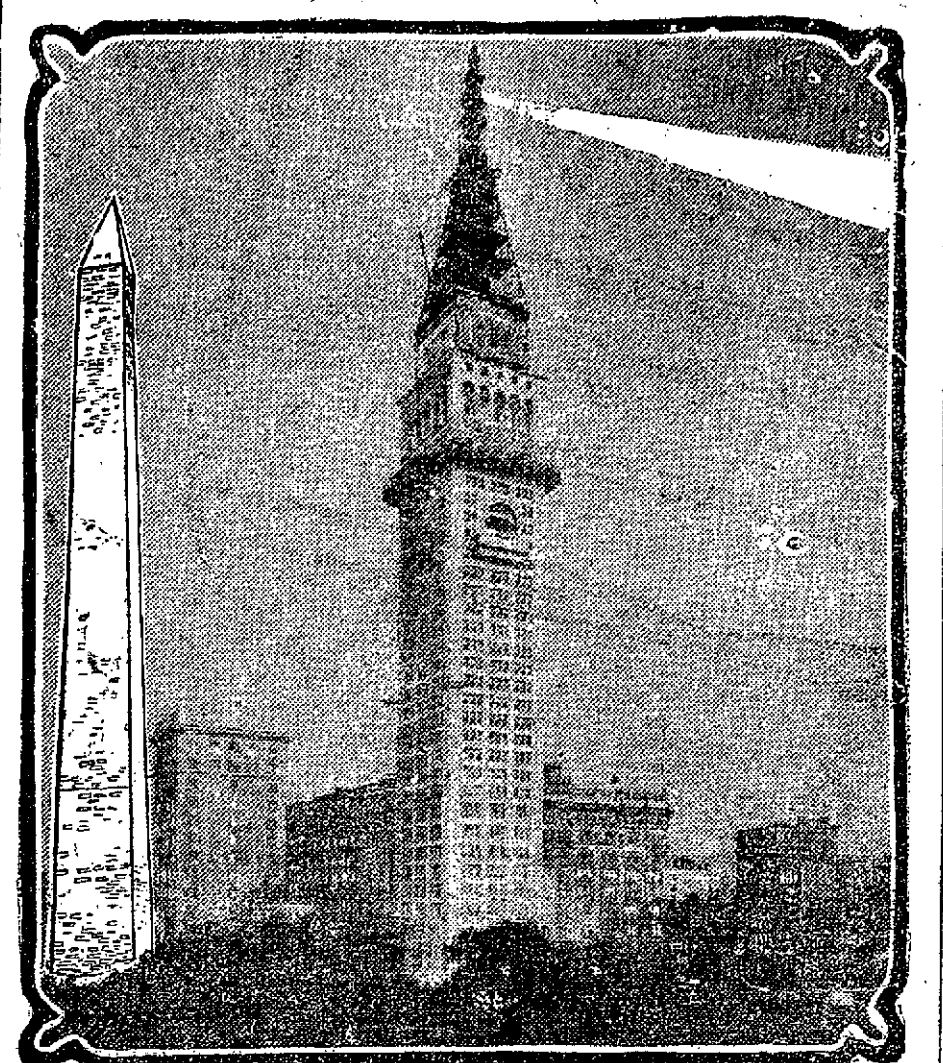

Throughout the day the Democratic candidate's themes principally were "Honesty in Government" and the "Republican Claims for Prosperity." He spoke at Cohoes, Utica, Rome, Oneida and Canastota, being given great receptions at each place; and at Rome, referring to the preparations being made for the Republican demonstration in New York City Saturday night, he said that they would do better to spend their money for lodging the unfortunate people who sleep in the city's parks than to spend it in red fire bands and costly reviewing stands.

FIRST GUN FOR OPTION.
Springfield, Oct. 30.—The first gun in the movement for local option in Clark county will be fired Sunday, when a preliminary meeting will be held in the Third Lutheran church. Petitions will be circulated immediately after the election and it is expected to hold the election before the first of the year. The temperance people are not all agreeable, some thinking it advisable to hold off until spring.

Some people won't steal as long as they can borrow.

Dainty Indian muslins are made from fibres of the banana tree.

ELECTION FLASHED TO MILLIONS FROM WORLD'S TALLEST BUILDING

New York, Oct. 30.—If the weather conditions are favorable, 7,000,000 people in New York and its environs will get the first news of the definite result of the election on the night of November 3 by means of a searchlight flashed from the tower of the Metropolitan Life building. This tower is 658 feet tall, or 103 feet higher than the Washington monument, as shown by the comparison in this picture. It is estimated that the searchlight may be seen at a distance of sixty miles. The light will be the most powerful one ever seen in this country, having a radiance of 100,000 candle power. If the shaft of light points north, it will indicate Taft's election; if south, Bryan's. A flash to the west will indicate Governor Hughes' election, to the east Chamber's.

GOMPER'S LAST APPEAL TO LABOR

FEDERATION PRESIDENT URGES SUPPORT OF DEMOCRATIC NATIONAL TICKET.

Will Send Special Numbers of American Federationist to All Central Labor Unions.

Washington, Oct. 30.—A final appeal to organized labor on behalf of the Democratic national ticket was issued today by President Gompers of the American Federation of Labor in the form of a special number of the American Federationist, which will be mailed to all central labor unions throughout the country for distribution among their members. The chief article in the pamphlet is headed "President Roosevelt's Inconsistency," in which he justifies his own criticisms of courts on the ground that Roosevelt has similarly criticised courts, notably in the beef trust and Standard Oil cases.

MOTOR EXPLODED DURING FLIGHT

Lemans, Oct. 30.—The motor of Wilbur Wright's record breaking aeroplane exploded this afternoon while he was making a short flight. Wright was unhurt. The motor had been acting badly for several days.

SEPTUAGENARIANS TO WED.
Belleville, Oct. 30.—H. H. Prescott of Lena, and Miss Adwina White, of St. Paris, each over seventy years of age, have gone to Covington, Ky., where they stated they would be married. They are first cousins.

WHAT IS IT?

What girl's name?

Answer to Thursday's puzzle—Crown.

EXPERTS

Find Case of Frenzied Finance of High Order

MILLIONS SQUANDERED

Or Diverted in Interurban Electric Railway Project

Details of a Remarkable Situation Revealed by Official Report of Certified Accountant.

Chicago, Oct. 30.—One of the worst messes of frenzied finance ever served up to the American public was disclosed in the affairs of A. C. Frost's bankrupt Chicago and Milwaukee Electric railway.

In spite of the labored efforts of interested persons to conceal the facts, it became known that alarming conditions warranting the most serious charges of financial juggling have been reported to the receivers of the concern.

The revelations substantiate nearly all of the accusations made against Frost when his troubles first became public last January. It shows that the road is completely swamped by debt; that Frost padded the earnings to conceal a constant deficit, and that nearly \$10,000,000 out of the \$16,000,000 poured into the venture has been squandered or diverted.

The details of the remarkable situation were revealed in the official report of Arthur Young & Co., certified accountants, to the receivers appointed by Judge Peter S. Grosscup. This report was suppressed. The report made to the bondholders a few days ago for the purpose of paving the way to a reorganization of the road, carefully avoided the sensational findings of the accounting firm. Young & Co. also were informed that they had shown too much zeal in presenting deductions from the figures submitted.

The Arthur Young report shows that \$8,454,000, including the floating debt and the padded figures, have been spent in the construction of the entire road. Outstanding against this is a total bond and certificate issue of \$16,000,000 and other debts amounting to \$2,169,000, making a total debt of \$18,169,000. The difference between this amount and the money actually expended on the road is \$9,715,000.

Only a hazy idea of the ultimate disposition of this \$9,715,000 exists outside the circle of Frost and his confidantes. Most of it went into the hands of A. C. Frost & Co., and thence was parceled out to various Frost enterprises. About \$2,000,000 went to the Alaska Central railway, of which Frost was president. A tremendously large amount was dissipated in the selling of bonds at extremely low prices. Until the affairs of A. C. Frost & Co. are probed thoroughly, the investors will not know all of the quicksands that sucked in their money.

HARRY FORDYCE SUFFERS BROKEN ANKLE FROM FALL

Was Running to Catch Train at Zanesville, When Foot Slipped on Pebble.

Mr. Harry Fordyce, chief train dispatcher for the B. & O. railroad, had the misfortune to meet with a serious accident Tuesday night and one that will lay him up for some time to come. Mr. Fordyce went down to Zanesville Thursday night on company business. After transacting his business he started for the station to catch the 11 o'clock interurban car for Newark. On his way to the station he stepped on a small stone, which caused his foot to turn and he was thrown heavily to the ground. He called for help and was assisted to the Good Samaritan Hospital, where it was found that his right leg was broken at the ankle. Mrs. Fordyce went down to Zanesville on Friday afternoon and it is quite probable that Mr. Fordyce will be brought to his home here Saturday.

TERRIFIC GALE IS RAGING

Boston, Oct. 30.—Ports along the New England coast are bottled up today by a terrific gale which began last night and has continued with unabated fury. The fishing schooner Joseph Cromwell of Boston, went ashore at the end of Cape Cod. The captain and 14 men of the crew were cast upon the beach and were saved almost by a miracle. It is feared that many fishing boats may be lost.

TEST WELL

FOR NEW MUNICIPAL WATER PLANT WILL PROBABLY BE A SUCCESS.

Will Be Blown by Compressed Air All Day for Benefit of Sightseers. Water at Depth of 62 Feet.

At a meeting of the board of trade held Thursday night, it was decided to endorse the proposed bond issue for \$100,000, with which to complete the municipal water works plant. There has been quite a little discussion of the proposition to issue bonds again, and after all the question seems to rest on whether the test well now being drilled will be a success in so far as a natural water supply is concerned. The opinion of the board of public service and officers of the board of trade is that the test will prove a success, as the well is now down about 64 feet, having a fine volume of water and throwing a stream of five inches. The well will be blown by compressed air all day Sunday for the benefit of sightseers.

It is said that there is a probability of an artesian well at the site of the new plant. Thursday the drillers broke through the second strata of clay at a depth of about 62 feet and Friday morning the water was flowing out of the top of the well.

It is claimed that if the natural water supply is found, the \$100,000 will complete the plant and system.

BOY KILLED BY FALL.

West Liberty, Oct. 30.—James Donnal, 15, fell from the roof of a house on which he was working, 16 feet to the ground, and died within a short time of concussion of the brain.

FRERLING-BANCROFT.

Wm. Eberling and Miss Mary A. Bancroft of Johnstown, were married Thursday night. The ceremony took place at the home of Justice M. O. Nash, 15 North Fifth street, this city, and was performed by the 'squire in his most approved manner. The groom is a prominent insurance agent of Johnstown, and the bride Friday afternoon and it is quite probable that Mr. Fordyce will be brought to his home here Saturday.

TRACK INSPECTION

Made by Officials of Pennsylvania Railway Who Stop Over in This City Thursday Night.

The annual track inspection of General Manager G. L. Peck, of the Pennsylvania Lines west, has been in progress for some days, and three special trains laid up for the night in the superintendents, officials of the maintenance of way department and other operating officials, reached Newark at 5:50 o'clock Thursday evening, coming direct from Indianapolis. The trains laid up for the night in the East End yards which had been put in fine shape. Nearly half a hundred extra electric lights were burning in the yards, making them as light as day, and an extra operator had been installed in the yard office. It is not known that the officials decided on any improvements in Newark, outside of the yards, but a number of stories are being circulated which indicate that something is doing. The three trains bearing the party left for Pittsburgh at 7 o'clock Friday morning.

All the tracks of the road are being closely inspected. These annual inspections by Mr. Peck always arouse a great deal of interest among railroad men as the prizes for the best kept stretch of track are awarded on this trip. About \$4,000 will be distributed in cash prizes among superintendents and section foremen, following the present trip. A cash prize of \$100 will be awarded to the superintendent of each division whose sub-division shows the best work for the year, and additional prizes of \$50 down for the second best sub-division and to the various sub-divisions under similar conditions. The various section foremen over the lines always put their section in the best of shape. The lines of the company through Newark are considered among the best kept of any upon the entire system and the local foremen are hopeful of receiving prizes.

A Positive Cure for Dandruff. ZEMO stops itching instantly and will cure any case of Dandruff or itching scalp. ZEMO destroys the dandruff germ and prevents falling hair. It will give the hair a rich glossy color and leave the scalp clean and healthy. For sale everywhere. Write for sample, E. W. Rose Medicine Co., St. Louis. For sale by Evans Drug Store.

CHEMICAL COMPANY

WITH HEADQUARTERS AT JOHNSTOWN, ARRANGING FOR EXPORTING PRODUCT.

Ruby Fluid is Now Used by a Large Number of Corporations All Over United States.

The Ruby Chemical company, organized a while over a year ago, and having its main laboratory at Johnstown, this county, has completed arrangements for exporting its product to foreign countries. The company only recently established a general sales department in Chicago, with branches in Detroit and Cleveland, for distribution of the Ruby soldering fluid. Another branch, in charge of the exporting business, will soon be established in New York, and arrangements are now being made for the opening of a western branch.

The company was recently formed at Johnstown for the purpose of compounding and marketing Ruby fluid, a new chemical product created for use as a "flux" for solder, being especially designed for use in soldering galvanized iron work without tarnishing the surfaces.

After the perfection of the flux for this purpose, it was found to be superior as a flux for other metals and in this respect it was found to be the only non-acid flux in existence and one which is capable of being used on all metals without being destructive to any of them, and in this capacity has a world wide market.

Orders have recently been received at the Chicago office from engineers in the employ of the British government, who are adopting the clicking county product for use in telegraph and telephone construction work in South Africa, while the company's general trade now includes many other foreign countries, as well as all parts of the United States and Canada.

The first year of the company has been devoted to the experimental testing of the fluid in a variety of lines of manufacture in which solder is used and where, heretofore, there has been no substitute for muriatic acid compounds, which are destructive to tools and material, as well as dangerously poisonous to the workmen.

The substitute for acid recently met with a very flattering comment from the chief of the health department of the city of Chicago, who in an article written for one of the daily papers, and treating on the "trade diseases," embodied a reference to the wrecking qualities of acids used by tanners and solderers, in which it was shown that an enormous per cent of the deaths in the soldering trades resulted from breathing the fumes from acids. It has been found that the process used in compounding the fluid removes all of that quality found in

BLOOD-MAKING TONIC TREATMENT

A Cure for Anaemic Conditions That Is Showing Remarkable Proofs of Cures in Stub-born Cases.

When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and watery. This condition is called anemic, which is the medical term for "bloodless." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anemia itself is a dangerous disease and it may gradually pass into consumption. It must be cured by treating its cause, which is the poor condition of the blood. The vital fluid must be made strong and healthy thereby enabling it to carry the necessary nourishment to every tissue of the body.

Dr. Williams' Pink Pills are the greatest builder of rich, new blood and they have been curing anemia and other blood diseases for nearly a generation, during which time they have come to be recognized as an invaluable household remedy. The statement of Mrs. Claud Moore, who lives about six miles from Defiance, shows how these pills cure cases that stubbornly resist ordinary methods of treatment. Mrs. Moore's address is R. F. D. No. 8, Defiance, Ohio. She says: "In 1904, when I was attending Defiance college I would come home all tired out and became very weak. I had always had bright red cheeks but I seemed to lose my color and became deathly white. The physician at Defiance said I was all run down and I took his medicine but grew worse instead of better. My friends thought I was going into consumption. 'My mother had heard of a case that the doctors said was anemia and that Dr. Williams' Pink Pills had cured and finally she said to me: 'The doctor's medicine don't seem to help you a particle and I am going to get you some of Dr. Williams' Pink Pills.' She did and in a week's time I began to feel like myself again. I took in all seven boxes. They cured me and I feel fine now and am in good health. I have recommended the pills to several of our neighbors. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50. by Dr. Williams Medicine Co., Schenectady, N. Y.

Anty Drudge Makes a Donation.

He—"I venture to ask, madam, if you would endeavor to spare me something for the Home for Broken Down Washerwomen?"

Anty Drudge—"Certainly. I'll donate a box of Fels-Naptha soap. Tell them to use it according to directions, and they will still be able to do washing, because the Fels-Naptha way banishes all the back breaking and hard rubbing of wash day; and cuts washday work in half."

Why do so many women who do their own work grow old before their time?

The weekly washing, they will tell you, is responsible for their breaking down. And they tell the absolute truth if they wash in the old-fashioned way.

Continual rubbing on the washboard is so bad on the back.

And standing over steaming suds paves the way for colds.

But the Fels-Naptha way is just as different from the old way of washing as Fels-Naptha is different from all other soaps.

Only cool or lukewarm water needed, in winter or summer, and very little rubbing required.

In a nutshell Fels-Naptha does most of the work itself without human assistance.

In using Fels-Naptha, follow the easy directions printed on the red and green wrapper.

other flux which enters metals when heated to the high temperature necessary to solder them and causes them to rust, tarnish and corrode. The Licking county product has been found to be the most sanitary and successful flux for the use of canners, and Chicago manufacturers of automatic canning machinery have taken up the matter of its introduction together with their machines. The Ruby fluid is used in the manufacture of galvanized tanks for use on steamships, by the American Ship-building company of the Great Lakes. In the construction of galvanized water tanks for the stock and refrigerator cars of Swift & Co., in the manufacture of gas and electric fixtures of brass, brass beer pumps, brass beds, plumbers' supplies of brass, auto, carriage and ship lamps, and fixtures in pattern making.

It is being used in the manufacture of pneumatic air chutes and metal tubes, in the manufacture of copper hotel and restaurant outfits and in every department of electrical work as well as a metallic fountain brush having been invented by which workmen carry the fluid in their pockets or belts. In electric railway construction, the fluid is now being used for dynamo and all kinds of copper wire connections, and in the construction of architectural ornaments and statuary; it is also being adopted exclusively for use in the manufacture of hardware in all branches, in tinning harness buckles and metal ornaments.

The shipments from the main laboratory at Johnstown are made in barrels to the different branch headquarters, where the fluid is repacked in tin shipping cans and sent to the various parts of the territory. It is announced as the purpose of the company to establish laboratories in both New York and Chicago in the near future, convenient to the great manufacturing centers and for exporting to all foreign countries.

We have an elegant line of new fall underwear in, and know that we can suit you. Come in before you buy. J. W. Hansberger. 30-21

JUDITH MILLIONS use Gold Medal Flour. Allimony is frequently the cement that heads a broken heart.

The troubles we make light of are generally other people's troubles.

It's when a man has sense that the dollars take care of themselves.

INDIAN GIRLS CHEERING FOR CARLISLE IN GAME WITH ANNAPOLIS TEAM

Annapolis, Oct. 29.—The game between the Indian team and the Annapolis team, which was played at the Annapolis Athletic Grounds, was a very interesting one. The Indian team, which was composed of players from various Indian reservations, put up a very good fight, but in the end were defeated by the Annapolis team. The game was played in front of a large crowd of spectators, and the Indian girls, who were dressed in traditional dress, were seen cheering and waving flags throughout the game. The game was a very good one, and it was a pleasure to see the Indian team play so well.

Oyster Supper and Smoker. Cedar Camp, No. 4727. Modern Woodmen of America, will have a big meeting on Monday night. A large class of candidates will be adopted, after which an oyster supper and smoked will follow.

Fire at Old Park House. An alarm of fire sent in from box 24, at 4:15 o'clock, Thursday evening, called the central company to the old Park house, near the Licking Light and Power company's building. When the firemen arrived at the scene they found the rooms on the upper floor of the building filled with smoke from fire between the ceiling and rafters. A small house belonging to the light company was

secured and a stream of water turned on the fire which was quickly extinguished. It is thought that the damage will amount to about \$50. The building is the property of Mrs. Fred Tafel.

Discount on Trimmed Hats. Ten per cent. off on all Trimmed Hats at Hickman & Gundy's 13 1-2 South Third street. 28-30

The ladies are all interested in the ads. being run by the Licking Light & Power company, showing how each day's labors may be lightened and brightened by clever electrical devices that cost so little, yet mean so much to the woman in the home. Thursday's ad. told of the electric teakettles, chafin dishes, etc. The kettle is made in great sizes and will boil half its contents in three to four minutes, and its full contents in five to six minutes, starting with cold water. The short time required, also the fact that it can be done on top of the finest table without the slightest danger, while it does away with any dirt and all danger from fire.

Fine coon roast, Saturday evening, at John A. Prior's, 30 South Second street. 30-2t

Passing the Hat. Arlington, O., is passing the hat for ten dollar subscriptions to a fund for putting down a gas well to secure fuel for the municipal electric plant, thus saving "the big coal bill that seems to be the only thing endangering the financial success of our municipal lighting system," as the Arlingtonian naively puts it.

Most plants, public or private, might easily attain financial success if it were not for the fuel bills and such other expenses. When the expected "success" of this plant is reported, the cost of the gas well will not appear.

The objection to municipal ownership in the United States is based on a disbellet that there would be either competency or honesty in the management.—San Francisco Chronicle.

FOR TRUSTS AND THE OPEN SHOP

On his return to New York from his Scotland castle yesterday Andrew Carnegie proclaimed that "the gravest consequences could result from the election of Bryan." The gravest issue before the American people in this campaign is the one between the Trusts and Labor, and Mr. Carnegie, as is well known, not only stands for the power and greed of the Trusts, but he is a champion and a fighter for the "Open Shop." The largest and most potent "Open Shops" operating in the country today are mills of Mr. Carnegie's United States Steel Corporation. And the only man who ever successfully opposed the Amalgamated Iron and Steel Workers, at one time the strongest labor organization in the country, was Andrew Carnegie.

The evident prevailing sentiment of labor for Mr. Bryan no doubt causes Mr. Carnegie to feel shaky over the perpetuity of those "Open Shops" of his.

Whether holding forth in his Scotland castle or in Wall street Andrew Carnegie can always be relied upon as standing for the Trusts and the "Open Shop."

AND BROTHER JOHN D. ALSO.

John D. Rockefeller announces that he intends to vote for Taft. This should not be startling news for nobody of intelligence ever dreamed he would do anything else. It is merely the same with all the Trusts. They are all for Taft. They need him in their business.

Roosevelt destroyed confidence and then nominated Taft to restore it.

Only cause is so appealing to the consciences of the American people that we are drawing to our support those who are lifting up the moral standard and who are trying to touch the conscience of the nation.—Wm. J. Bryan.

C. L. Riley, candidate for County Auditor, should have the enthusiastic support of the Licking Democracy as he will fill the office to the satisfaction of all. He was chosen by the Democratic party to make the race, and is in all respects worthy of the support of all people.

Republican orators and organs continuously proclaim that the election of Taft will "restore confidence." But who destroyed this confidence? "My Policies" Roosevelt. Then who nominated Taft for the Presidency? None other than this same Roosevelt. And who is now trying to force the people to elect Taft? This same Roosevelt who destroyed confidence.

- Oct. 30 In History.**
1683—George II. of England born; died 1760.
1823—Edmund Cartwright, inventor of the power loom, died; born in England 1742.
1829—Roscoe Conkling, born; died 1888.
1841—Great fire at the Tower of London.
1900—The United States census bureau published the results of the computation of the twelfth census, showing a population on June 1, 1900, of 76,235,221.
1904—The 15th anniversary of Columbia university celebrated in New York.

ASTRONOMICAL EVENTS.
Sun sets 4:55, rises 6:25, moon sets 9:05 p. m.; moon's age 6 days, moon lowest, farthest south; 1 p. m., planet Mercury at ascending node, crossing sun's path upward, 1:14 p. m., moon in conjunction with Uranus, passing from west to east of the planet; moon occults Uranus, passing between the planet and the earth; sun's declination 13 degrees 49 minutes south of celestial equator.

ONLY WAY TO PRESERVE LIBERTY

If, in the face of the existing depression, the voters can be induced by threats of a panic and hard times to vote for the party which went into power because it promised prosperity and which claims to be able to control it, then the world at large can have no confidence in the intelligence or independence of the people of the United States but must sadly conclude that their god is their stomach and that they would rather be slaves, in consideration of a base promise of reward rather than be free citizens, voting for measures which they believe will be for the benefit of the whole country.

It is extremely dangerous to vote to continue in power that party, whichever it may be, which will take into partnership the trusts and special interests and administer the government so that neither the party nor the partners can be disturbed without a cataclysm.

The several managers of the Taft campaign are now in the position of that engineer hoist with his own petard. They convinced a large number of the people that they can control prosperity and the people are now very logically asking them why they let it get away. If they can't bring good times their pretensions are obviously false; if they can, but will not, except at the price of a return to power, they are not fit to govern because they administer their trust for their private advantage, a thing from time immemorial abhorrent to equity and good conscience.

Beyond peradventure Bryan will be elected, unless defeat can be accomplished by coercion. How far the wage-earner can be scared or browbeaten into becoming a cringing slave, obeying his master's voice even to the casting of his ballot; how far the small business man can be scared by specious arguments about depressed business being sure to follow Bryan's election, when depressed business is here about as badly as it can be and has been for a whole year, remains to be seen. These threats imply a lack of intelligence on the part of those to whom they are made. They are the last resort of a beaten antagonist.

Did Roosevelt nominate Taft for his successor in order to restore the business confidence that he himself had destroyed?

REGULATING THE TRUSTS

In speeches in the west Mr. Taft told the people that if Mr. Bryan succeeded he would put trust-controlled articles on the free list, but that the Republicans would do nothing of the sort, but "the Republican plan of regulation is the proper remedy." The "Republican plan of regulation" has been in operation twelve years, with the result that under McKinley 127 new trusts were organized and under Roosevelt 107 new ones began business. If "the Republican plan of operation" is proper, why do trusts multiply and why do they continue to practice extortion?

You can hear everywhere that men talk together the expression frequently used: "The country needs a change." This is significant.

Vote early next Tuesday is the advice of the County Board of Elections.

If Roosevelt nominated his man Taft to restore the confidence that he himself had destroyed, what confidence can the people have that Taft's election will improve conditions.

TAFT'S WAY OF SAVING RAILROADS

In a speech at Cooper Union, New York city, Wednesday night Mr. Taft declared that the order reducing wages of trainmen in the case of Thomas vs Cincinnati, New Orleans and Texas Pacific railroad to \$1 per day, when he was a federal judge, was all that saved the road.

Isn't that fine? That would be "good" enough to put in the "full Constipation Hood's Pills" Should not be neglected. It shows that it leads to all functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and gentle laxative. Prepared by Dr. J. C. Hood, Lowell, Mass. Sold by all druggists and sent by mail. Price, 25c. Made by Hood's Pills.

HON. WM. A. ASHBROOK

So many facts have been published regarding the splendid service that has been rendered by our hustling Congressman, Hon. Wm. A. Ashbrook that it is scarcely necessary to add another word in the way of a reason why he should be re-elected. Every body in the district knows that he is

And Roosevelt commands that you must vote for this heir apparent of his to carry on his "policies" and his dynasty.

If Roosevelt has not sufficiently insulted your intelligence, how much more will you take from him and his heir apparent and still do their bidding at the polls next Tuesday?

OPEN SHOP AND SECRET BALLOT

Every union laborer in the United States understands the object of the "open shop." It is only two years since President Roosevelt made an "open shop" of the government printing office at Washington. At the same time he forced upon the employees in that government institution a representative of an organization which opposes the typographical union and stands for the "open shop." In the same way President Roosevelt forced upon the Republican ticket, as candidate to succeed him, one whose decisions as a Federal judge were always against labor organizations on issues involved, and backed up his decisions by injunctions. Now he tells workmen they must vote for his heir apparent on his labor record. At the OPEN BALLOT BOX you can give your answer with a secret ballot. WHAT WILL IT BE?

IT'S UP TO YOU

President Roosevelt, who has forced upon the Republican ticket a candidate for President noted for his injunctions when he was a judge, denounces all labor leaders, except those who meekly accept Taft as their candidate, designated Senator Knox as his self-appointed representative labor leader, and now breathes sulphurous maledictions upon all laborers who will not accept his heir apparent, has spoken before on matters of interest to the workmen of the nation.

In the Review of Reviews for September, 1895, is an article written by Roosevelt before he became a big-stick boss and dictator-general of the universe, in which he said:

"The men who object to what they style government by injunction are as regards the essential principles of government in hearty sympathy with their skin-clad ancestors, who lived in caves and fought one another with stone-headed axes and ate the mammoth and the woolly rhinoceros. They are interesting as representing a geological survival, but they are dangerous whenever there is the least chance of their making the principles of making this ages-buried past living factors in our present life. They are not in sympathy with men of good minds and sound civic morality."

The President showed that he really believes what he wrote in 1895 when he made an "open shop" of the government printing office and put an opponent of the typographical union at the head of that institution.

How about it? Do you really class yourselves on the level with our skin-clad ancestors who lived in caves and fought one another with stone-headed axes and ate the mammoth and the woolly rhinoceros?

Are you going to fight each other at the ballot box next Tuesday by voting for the father of injunctions to carry on the Roosevelt dynasty?

Gompers says, "DON'T WABBLE. HIT THE MARK. It's up to you."

Every voter should aim to cast his ballot as early as possible on next Tuesday.

And now the Republican managers declare that they will be satisfied if Taft pulls through in Ohio with 25,000 plurality. These are the same fellows that have all along been boasting of 100,000 to 150,000 for Taft. Never before in the state's political history was there such a tumble. The Taft managers really have no hope of carrying the state at all.

HON. WM. A. ASHBROOK.

deserving of the largest majority that was ever cast for a Congressman from this district, and it is the general belief that his majority will be that size.

The services he has rendered his constituents of all classes is admitted and appreciated by political opponents as well as members of his own party.

STOP THIS PANIC BY ELECTING BRYAN

You have heard that foolish remark, made in the first place by Mr. Taft and since repeated by his supporters who do not know any better, that if Mr. Bryan is elected we will have a panic.

Say what under the sun do you call the present condition of the country which has existed now over a year? If Roosevelt and Taft and the rest of his cabinet couldn't stop a panic in less than a year before election, how will they stop it after election?

Any man with a spoonful of brains in his head knows, or ought to know that Mr. Taft can't be any more successful than Roosevelt has been in trying to stop a panic.

And any sensible man knows, or ought to know, that times cannot possible, under any circumstances, be any worse if Bryan is elected than they have been for over a year.

So let us elect Bryan and have this Roosevelt panic over with as soon as possible.

Mr. Taft keeps talking, and probably will to the last, about our going to have a panic if Bryan is elected, because he thinks it will scare the voters into voting against Bryan and for the heir apparent of the administration under which we are having the worst panic since the Civil war. Mr. Taft presumes that the people do not know that from October 1, 1907, to October 1, 1908, commercial failures amounted to \$229,000,000, and the failures still go on under Roosevelt.

In 1896, when the people elected McKinley as a result of a panic, the commercial failures amounted to \$224,000,000. In 1895, commercial failures amounted to \$172,000,000, and in 1894 to \$172,000,000. Compare the figures for 1896, 1895 and 1894 with the Roosevelt panic of 1907 and 1908.

When you look at these figures, after being told that we will have a panic if Bryan is elected, remember the story of the Irishman who was run over on the street by a large wagon, after running over him the driver

Taft will find the public will not swallow.

Thousands upon thousands of good Republicans are going to vote for Mr. Bryan for no other reason than the refusal of the Republican national committee to make public the source of its campaign contributions before election day.

If any set of politicians in this country can control "prosperity" after the election, why did they not control it any time during the past year, before untold thousands were thrown out of employment, with empty dinner pails hung up and their wives and children begging for bread! It is shockingly cruel and inhuman on their part if their pretensions are true.

Republicans admit that Ohio is a doubtful state this year. In face of this fact every Democrat should go to the polls and put his X under the rooster and let it go at that. If you do that, Ohio will give her electoral vote to William J. Bryan. Let's sweep the state into the Democratic column, elect a Democratic Governor, a Democratic Legislature and a Democratic United States Senator to succeed Foraker. This is the year for every Democrat to get busy.

BANKER PUTS A POSER

Here is a question asked by a Toledo banker which would bother Herrick or Taft or any other opponent of guaranteed deposits to answer:

"What justice is there in banks using the depositor's money to buy bonds to collateral the government, state, county, city and township funds, when they desire to act as depositories, thereby making them, in case of suspension, preferred creditors, at the expense of the depositors who have to pro rate in the assets and lose part of their money?"

There are bankers, you see, who understand this guaranteed bank proposition better than either Mr. Herrick or Roosevelt's self appointed successor to his "policies" and dynasty.

W. A. Aisdorf of Johnstown, the Democratic candidate for State Senator, is a worthy and popular candidate, and he will be elected by a large majority. Hundreds of Republicans will vote for him.

Wayne Co. Democrat: The vote Hon. W. A. Ashbrook received when he was elected the first term from his home county shows how he stands with his home people. He will get an enormous vote from the entire district, for he is a man who can do things.

COULD IT BE WORSE THAN THIS?

"With 50,000 men unemployed and 20,000 of them homeless and sleeping in the parks, New York City faces a humanitarian problem for which a new solution has just been offered by the shelter committee of the Unemployed Bureau."

Such were the words of a regular news dispatch printed in all the papers of yesterday. And this is the state of affairs in America's greatest metropolis under the rule of Roosevelt, while Republican organs are attempting to frighten people about the panic that will follow the election of Bryan.

The Democratic ticket is a good one from top to bottom. The candidates are able and honest and will serve the state and county with credit.

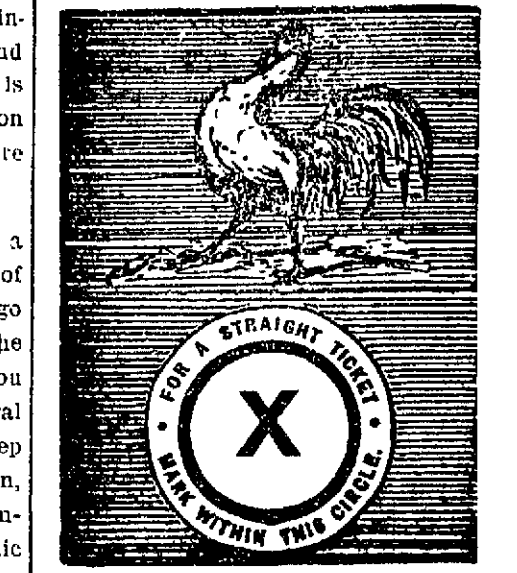

In 1896, if only one more Democrat in one-half of the voting precincts in Ohio had gone to the polls, the entire Democratic electoral ticket in Ohio would have been elected. Instead, we secured only one elector out of 23. There are 4280 voting precincts in Ohio. Every voter can see what ONE VOTE to a precinct means. Let no Democrat remain at home on November 3.

"The wheels will go round if Taft is elected," cry the Republican papers. What the working people of this country desire to know is why the wheels stopped going round under the Roosevelt administration.

Wayne Co Democrat: Every Wooster booster should vote for Mr. Ashbrook. He is the biggest booster and will be a feed in occasion that

HOW TO VOTE FOR BRYAN AND THE DEMOCRATIC TICKET

This year the ballot to be voted is the largest in the history of Ohio. It is 20 inches wide and 3 feet 4 inches long. The ticket being so long makes it very important that no mistakes be made by any Democrat in marking his ballot. To be sure you vote for BRYAN place an X mark in the circle under the rooster like this

This will vote a straight Democratic ticket. These instructions are given now, because in 1892 the Democrats lost the State of Ohio for President by only 1,000 through mistakes of Democrats in marking their ballots and we want to avoid anything of the kind this year.

DEMOCRATIC STATE EXECUTIVE COMMITTEE.

Every business interest pertaining to the city of Newark and Licking county received the most prompt and active attention by Hon. Robert W. Howard throughout the last session of the Legislature. He always "did things" promptly and accomplished good results. He well deserves re-election.

VOTE "YES" ON THE BOND ISSUE NEXT TUESDAY

Board of Trade Adopts Resolution Approving \$100,000 Bond Issue for Water Works.

At a meeting of the board of trade held Thursday evening, Oct. 29, the following preamble and resolution was unanimously adopted:

Whereas, The city council having unanimously passed an ordinance declaring it necessary to issue \$100,000 of bonds to complete the water works system, and all arrangements have been made to vote on said proposition on Tuesday, November 3, be it

Resolved, That the board of trade, at a special meeting held Oct. 29, unanimously endorse said proposition, believing it to be for the best interests of the city.

Resolved, That we urge the electors to vote YES on said bond issue. This amount we believe will complete the plant, and place same on a money earning basis.

WM. L. PROUT, Pres.
J. M. MAYLONE, Sec.

NOTICE TO VOTERS

Notice is hereby given that the Board of Elections will be in session at their office, Rooms 10 and 11 Hibbert & Schaus Block, on Saturday, from 1 to 4 and Monday from 1 to 5 p. m., for the purpose of giving orders for Registration to voters who have been necessarily absent from the city during the general registration. The registrars will be in session from 2:30 to 5:30 p. m. to issue transfers to those who have moved from one ward or precinct to another. By order of the Board.

made on account of the inability to find the books when desired.

Divorces Granted.
In the probate court a divorce was granted Laura May May from Chauncey C. May. No contest was made, and the allegations of cruelty and abandonment were sustained by the evidence, and a decree was granted as prayed for.

Mrs. Martha Brand was granted a decree of divorce from her husband Harry Brand by the probate court. The case of Jennie Hall against Walter E. Hall, suit for divorce, was heard by the probate court and a decree was granted the plaintiff on the grounds of cruelty and failure to provide.

Filed Answer.
The defendants, Willis L. Harrah and Charity Harrah, have filed their answer to the petition of Miles Weakley, denying that there was any mistake in the deed which had been made by Weakley to them. The deed purported to convey 9 and 81-100 acres in Mary Ann township.

Real Estate Transfers.
Wm Spring and wife and Frank Spring to Irene A. Cross, 21 1-3 acres in St. Albans township; \$550.
Irene A. Cross to Daniel D. Condit, 21 1-3 acres in St. Albans township; \$550.

Samuel J. Sipe and Dora V. Sipe to John R. Skinner, real estate in Alexandria; \$1150.

Samuel McClain and wife to Albert Altmeyer and Mary Altmeyer, lot 39 in Amherst addition to Newark; \$3350.

Frank Hunter and Annie M. Hunter to Anthony Hunter, real estate in Franklin township; \$1 and other considerations.

Thomas T. Bounds to Charles S. Dwiggs, real estate in Newton township; \$1 and exchange of property.

Charles S. Dwiggs to John W. Gilbert, 50 acres in Newton township; \$1 and exchange of property.

Justice Court.
The case of Ohio against John Dobos, charged with slandering a female of good repute, has been continued by Justice Nash to November 16.

Ira Cook, charged with assault and battery on his mother, Mrs. Amanda Priest, who lives six or seven miles east of town, was brought before Justice Nash, Thursday afternoon, and required to give \$100 bond for his appearance in court on Monday, November 2.

LOCAL OPTION LEAGUE.
The tax statement, gotten out by local option league, was printed by R. Putnam, a union printing office, and by an oversight, some of the first printed did not bear the union label. (adv.) 30dit

ESTABLISHED 1876.

AMUSEMENTS

THE ORPHIUM.

Lydell, Butterworth and Morton have the fun market almost completely cornered for this half week at the Orphium. These three are dancers—dancers who can dance. The comedy introduced by the black-face artist of the trio is indeed a treat, particularly the burlesque of the "latest in hats, walks and sheath gowns," while the same performer's eccentric dancing at the close of the act is equally funny. Newark ought to know that song, "Mandy Lane," by this time—we've heard it so often.

The Gagnoux are exceedingly clever eccentric jugglers and carry so much paraphernalia that it's almost a puzzle to use it on the local stage. The act is a novelty throughout and very entertaining.

L. C. Phillips does some unusual things with the violin, playing it in every conceivable position. He is a good trombonist and is a hearty eater of a musical meal. His turn is going good so far, and should be seen to be appreciated.

Teed & Lazell have third position on the bill with their German comedy sketch. It is decidedly silly and amusing—that's all.

Mr. Moore is singing "I'd Live or I Would Die For You" with excellent effect.

The bill as a whole is of the Sam & Murray standard and none of the acts conflict, making a satisfactory entertainment. B. B. H.

THE PRESS AGENT SAYS:

Beginning Monday, Ye Colonial Stock company will begin a week's engagement at the Auditorium theater. Manager Charles W. Bonner announces Miss Dorothy Smith, who made such a high impression among theater-goers as leading lady of the Murray Comedy company, as headlining this company. The reputation of this company, he reports, is one of exceptional merit. The opening bill will be "Slaves of the Orient," a sensational comedy drama which tells a highly interesting story of the exploits of an officer of the American navy while in Egypt. Mr. Bonner has added a strong vaudeville contingent to the company this season. As top-liner he announces the Upright Hav, an act which was recently featured by one of the leading minstrel organizations, and as an added feature, "Noisy" Evans, the boy with the ska es.

Ye Colonial Stock company is undoubtedly one of the best in Ameri-

ca. Every play will be presented in an elaborate manner by a strong company of players, and patrons of the Auditorium theater will be highly pleased. Regular prices will prevail.

MISS DOROTHY SMITH,
Leading Lady With Ye Colonial Stock Company.

all week and Monday night will be bargain night. Every lady will be admitted to the best down stairs seats at half price. Seats on sale Saturday.

Itch! Itch! Itch—Scratch! Scratch! Scratch! The more you scratch the more the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

Even the left-handed man may say that he does every thing right.

ASSIGNMENT

OF CRIMINAL CASES WHICH HAVE BEEN REVISED AND SET FOR TRIAL.

Divorces Granted, Common Pleas Court and General News from the County Offices.

Following is the assignment of criminal cases as revised and set for trial in the Common Pleas court from Monday, November 9, to Friday, November 13, inclusive:

Monday, Nov. 9—Ohio vs. Arthur Cooley, two counts, non-support and failure to provide for minor child; W. A. Garriett, highway robbery and pocket picking; Joan Lamb, forgery.

Tuesday, Nov. 10—Ohio vs. Ebc Watson, obtaining money under false pretenses; Samuel Warner, embezzlement. A. L. Inlow, failure to provide for minor child; Walter Holler, failure to cancel railroad tickets.

Wednesday, Nov. 11—Ohio vs. Lon Merrill and Robert Barnes, keeping gambling rooms; Frederic Tom, embezzlement.

Thursday, Nov. 12—Ohio vs. Harry Clark and Theodore McPherson, keeping saloon open Sunday; Lewis Bader and Robert White, unlawfully keeping a place where intoxicating liquors are sold; Oliver Holsberry and Wellington McPherson, keeping saloon open Sunday.

Friday, Nov. 13—Ohio vs. Robert Wilson, manslaughter.

Common Pleas Court.

In the case of H. R. P. Miller vs. T. & O. C. Railway Co., the motion of defendant for new trial was overruled. Plaintiff brought the action to recover damages growing out of the killing of a mule on defendant's tracks, near Granville, resulting in a verdict for plaintiff.

B. Frank Barnes vs. National Provident association, motion for new trial overruled, same order in A. A. Westbrook et al. vs. A. Q. Mun. or, verdict having been obtained for the plaintiffs.

Mirtle Ruth Brown vs. C. R. L. & N. T. Co., motion for new trial argued and submitted.

GRANVILLE

Granville, Oct. 30.—Mr. Joshua Stark, one of the most highly esteemed men of this vicinity, and Miss Minnie B. Sinnett were married Wednesday evening. The ceremony took place at the home of the bride's mother, Mrs. E. A. Sinnett, and was performed by the Rev. C. J. Baldwin, pastor of the Baptist church, in the presence only of a few of the immediate relatives of the contracting parties. Mr. Stark is a son of the late Christopher Stark, who was one of the oldest and most prominent men of Granville township. The bride also comes from an old family, and is a most estimable woman. They will make their home on the old Stark homestead, two miles west of Granville, and will be at home to their many friends after November 10.

On Wednesday afternoon of next week there will be a Chopin recital by pupils of the Conservatory, with a brief introductory sketch and explanatory notes on the selections, commencing at 7.45 o'clock. This recital will be open to the university and all are cordially invited. It is hoped to present other similar programs by the more advanced pupils' recitals, which as heretofore, will be attended by Conservatory students.

Miss Lillian Thomas of Ironton, O., visited friends in the village for a short time Thursday.

Mrs. H. L. Moore of Columbus called on friends in the village Thursday. As the long winter nights approach, men spend more time reading than they do in summer, and women likewise. No one knows this fact better than the publisher of a newspaper, from the fact that as a rule, the circulation of his paper is considerably larger in winter than in summer. There are exceptions to this rule, however. The circulation of the Daily Advocate in Granville has been larger during the past summer than it has ever been, and is constantly increasing.

Mr. and Mrs. H. C. Moore of Champlain county, after a pleasant visit with friends and relatives in Granville and vicinity have returned home. Henry Roberts of Lorain, O., was in the village Thursday on business.

Granville people are deeply interested in anything pertaining to the 42nd question in this county. The Ohio Fuel Supply company has practically completed repairs on its immense gas pumping station at Homer, and will have the complete plant in readiness for full operations if necessary in a day or two. There is no probability, however, that the full pumping capacity of the plant will be utilized.

The summer three compressors of the horse power each were installed in addition to the three of one-half power which have been in use. The first pumps have been shut down since last summer, the field pressure

taking care of the business. The company has just installed a new horse power pumping plant in its Fayette county, W. Va. field. The gas from this field is pumped to Pennsylvania towns.

This afternoon in Burton hall the Language Association of Denison University is holding a memorial meeting for John Eliot Norton, at which interesting papers were read by Prof. Johnson and Prof. Roberts.

Miss Jose Johnson, who has been acceptably filling the position of instructor of drawing and manual training in Euphrasian Institute, Franklin, Va., has just entered up the third year of her work.

Miss May Stark will leave on Tuesday of next week for Sebeha, Kansas, where she will visit the family of her uncle, Mr. James Partridge for a time. She will be accompanied as far as Kansas City by Mrs. Lucy Van Kirk.

The remains of Mrs. Gibson, who died here Thursday morning, will be taken to Guernsey county for interment.

Miss Mary Louise Chamberlin and Miss Ruth Johnson have been initiated into Chi Psi Delta.

Miss Bess Bilman of Dayton, is visiting friends in the village.

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Do you frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Price 50 cents. Sold by R. W. Smith, Newark.

Forest Green Soft and Stiff Hats for Men at Hermann's the clothier.

MARTINSBURG.

The union gospel meetings are increasing in interest and attendance. Dr. C. L. Work is preaching with great earnestness and power. Rev. Robert L. Young is a singer of fine ability and a great help in the meetings. Many are becoming interested in their soul's welfare.

Mr. Earle Tilton, of Columbus, is the guest of friends here.

Rev. William Mercer, of Newark, is the guest of Frank Baird and family.

Mr. and Mrs. George Schooler of Mt. Vernon, spent Saturday and Sunday with Mr. and Mrs. John Schooler.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with GOLD DUST

GOLD DUST has all desirable cleansing qualities in perfectly harmless and lasting form. The GOLD DUST Twins need no outside help. No matter what you wish to clean—dishes, clothes, pots and pans, floors and woodwork, refrigerator, bath room or what not, GOLD DUST alone will do all the work—and do it better than anything else.

More than that, GOLD DUST will do all the hard part of the work without your help, saving your strength and temper.

GOLD DUST is a good, honest, vegetable oil soap in powdered form—scientifically combined with purifying ingredients of magic power.

"Let the GOLD DUST Twins do your work!"

Makers of FAIRY SOAP, the oval cake.

GREAT GAME

May Be Expected Tomorrow, When the Local Boys Will Tackle the Strong Columbus High.

Central High school, Columbus, vs. Newark High school, Saturday afternoon at Wehrle park at 2.30.

The team and routers amounting to about 15 strong, from Central High school of Columbus, will come over to Newark in a special car Saturday. The Newark team has been doing excellent work this year, having met no defeats and having won three and tied one. They hope to add Saturday's game to this string of victories also. To do this they must have the support of an enthusiastic crowd of rooters to cheer them on to victory and counteract the rooting of the Columbus crowd. The team also needs the financial support that a large crowd would give. There are accommodations at Wehrle Park for a large crowd and the grand stand is covered and would protect the spectators from rain, for the game will be played, rain or shine.

Wehrle Park is as good a football field as there is in the state, and a good clean game is assured. The Newark team has been working hard this week and will put up a hard fight Saturday. The work of Cooper, the star right end, will be missed, as he will be out of the game from an injury of last Saturday, but there are some fast men who are trying for that position and will try to hold the place. Come out, one and all, Saturday and show your interest in the school. There are only two more home games, this one and on Thanksgiving, so don't wait until it is too late to see Newark play. The line-up follows.

Newark High. Columbus.
Warner, L. E. ... Lunch
Trituppo, L. T. ... H. Wilson
Williams, L. G. ... D. Wilson
Perry, C. G. ... Davies
Davis, R. G. ... Campbell
Collins, R. T. ... Durlinger
Sachs, R. E. ... Newhouse
Ramsey, Q. B. ... Rogers
Black, R. H. ... Faulkner
Gleichen, H. H. ... Dison
Ashley, F. B. ... Lenox

PERSONALS

Mr. John Parker is in Columbus today on business.

Miss Jean Williams of Columbus is the guest of Miss Marian Hatch for a few days.

J. R. Conn and daughter have been visiting friends in Morgan county for a few days.

David Lyda and daughter, Miss Maude Lyda, made a short visit with friends in Zanewille.

Mrs. N. E. Rinker of Columbus has been the guest of Mrs. Marion B. McEwen the past week.

Mrs. Frank and mother, Mrs. Bohn, of Summit avenue, are visiting friends in Logan, O., for a few days.

Quite a number of Newark people, among them many of the candidates, are in Johnstown today attending the stock sale.

C. R. McMurtry and W. W. Ely have opened a tobacco and candy stand on West Main street, adjoining the Pittsburgh grocery.

Mrs. Henry Thomas of Hamilton, O., who has been visiting relatives and friends in the city for the past few days, has returned home.

Mr. Nickles Jones and wife of Western avenue, left Friday morning for Vallejo, Cal., to visit his sister, Mrs. Lizzie Wintrobe and husband.

Mr. and Mrs. Charles Rector and little son John of Newark, have been visiting in Zanewille for several days, the guests of Mr. and Mrs. W. A. Baker.

Miss Fannie Edwards of Bucyrus, O., who has been visiting her brother, Henry Edwards, at his home in the North End, for a few days, has returned home.

Miss Etta Carnal left Wednesday to attend the Eastern Star meeting at Columbus, and will visit at her home in Newark a few days before returning home—Cambridge Jeffersonian.

Mrs. John W. Hughes, Mrs. Frank Howard, Mrs. George Rickick and Mrs. Grant Minard, who have been attending the Eastern Star convention at Columbus have returned home.

Fine corn roast, Saturday evening, at John A. Prior's, 30 South Second street. 30-21

MRS. MARY REED.

Mrs. Mary Reed, aged 57 years, died at her home, 205 Union street, at 5 o'clock Thursday evening after a brief illness. The funeral service will be conducted at the home Sunday afternoon at 2 o'clock, the Rev. Mr. Dillon officiating.

The deceased is survived by five children, Charles, Will, Frank, and James, and one daughter, Mrs. Hattie Hall, all of this city.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Purifiers, the great system tonic and builder.

Ten per cent. off on all Trimmings at Hickman & Gundy's, 13 1/2 South Third street. 28-30

Forest Green Soft and Stiff Hats for Men at Hermann's the clothier.

Ask Him

Ask your doctor about taking Anker's non-alcoholic Sarsaparilla. Trust him. Do exactly as he says.

Lips white? Checks pale? Blood thin? Consult your doctor.
Bad skin? Weak nerves? Losing flesh? Consult your doctor.
No appetite? Poor digestion? Discouraged? Consult your doctor.

LEGAL NOTICE.

William H. Metzner and Angeline Metzner, his wife, both residing at Portland, Ind., Jasper Metzner and Mary Metzner, his wife, both residing at Ft. Wayne, Ind., Henrietta Ross and Bert Ross, her husband, both residing at Ft. Wayne, Ind., and Washington Metzner, whose place of residence is unknown, and Lafayette Metzner, whose place of residence is unknown, all will take notice that on the 29th day of October, A. D. 1908, Delana Brown filed her petition in the Common Pleas Court of Licking county, Ohio, in Case No. 1903 against the above named parties and others, praying for the partition of the following described real estate, situated in the village of St. Louisville, Newton township, Licking county, and the state of Ohio, and more particularly described as follows:

First Parcel—"Being the whole of Lot No. 14, located in Coffman's Addition to the village of St. Louisville, and being the same property as was devised to William Metzner by John Read as executor of the estate of Joseph Conrad, deceased, October 28, 1907."

Second Parcel—"Being the whole of Lot No. 14, located in Coffman's Addition to the village of St. Louisville, and being the same property as was devised to William Metzner by John Read as executor of the estate of Joseph Conrad, deceased, October 28, 1907."

Said parties are required to answer on or before the 29th day of December, A. D. 1908, at 10 o'clock A. M. in the Court of the said court.

ATTACHMENT.

Before W. F. Holton, Justice of the Peace of Newark Township, Licking County, Ohio.

Susan Puffer vs. Earl Ewing

On the 28th day of October, 1908, said justice issued an order of attachment in the above action for the sum of \$14.35.

A STRANGE DISCOVERY

EXCITING MUCH INTEREST HERE IN NEWARK.

The late discovery that recently started so much talk here in Newark, seems to be taking the whole state, as reports are coming in from every direction, of some astonishing good it is doing, for some one who has long since given up hopes of ever seeing another well day. Hardly a day passes without some one calling at the City Drug Store to tell of the wonderful things Root Juice has been doing. The remedy has cured so many people here in Newark within the past few months, that it has almost become the general talk of the city. One of the latest callers to praise the great medicine was Mr. Chas. Cunningham, of 243 South German street. He said: "I wish to thank the Root Juice people for the great good I have received from the wonderful medicine. I had a bad sore stomach trouble for a long time. Tried different doctors, but got no relief until I started with the Root Juice. I have hardly used four bottles but am almost cured. Any one doubting this may call me up, or address me personally." So many names of local people who have been cured of chronic stomach, liver or kidney trouble, nervous weakness or rheumatism, have been published in this paper that but few doubt the merits of the remedy. Consequently, people continue to go from all parts of the city to the City Drug Store for some of the health restoring juice, and many are coming from the country for miles around.

EMPLOYEE STOCKHOLDERS.

A Boston Corporation Shares Its Profits With Its Employees.

Of the 6,086 preferred stockholders of the Massachusetts gas companies 650 are employees of the Boston Consolidated Gas company under the profit sharing plan, placed in operation two years ago at the time the sliding scale act was adopted.

Under the terms of the profit sharing plan any person who has been in the employ of the company for one year or more who is of good habits, faithful, energetic and honest is paid the same premium or dividend on the amount of his compensation that the stockholder receives as dividend on his investment—viz, as the Boston Consolidated Gas company paid 8 per cent on its stock in the June 30 fiscal year the employees received an addition of 8 per cent in their annual salary.

The amount set aside for employees is not paid in cash, but is credited to them, and when a sufficient sum accumulates to enable the purchase of one or more shares of the preferred stock of the Massachusetts gas companies the president is authorized to make the purchase. When this stock is once purchased it becomes the absolute property of the employee, and he has the right to do with it as he sees fit, but before selling it he must first notify the president of his intention to do so, and if there is any reason why he should sell it—because of the actual need of the money, for instance—he may dispose of it without restrictions. On the other hand, if in the opinion of the chief executive no good reason exists for disposing of the stock the employee may sell it, but he will be dropped from the profit sharers' list in the future. Provision is also made that any balance that is not used for the purchase of Massachusetts gas stock be placed to the credit of the employee on the books of the company at 4 per cent interest. The object of this plan is to secure better results from employees and to encourage them to be frugal and economical. Every employee except the president is eligible as a profit sharer. In the past fiscal year the company paid about \$45,000 in premiums to its employees.—Progressive Age.

CANCER CURED IN 10 DAYS

A Discovery That Has Startled the Medical World.

I have discovered what the medical world has been looking for, for years, a sure cure for cancer, so sure that it can be absolutely guaranteed. This I do, and I can prove it. I have cured hundreds of the most intractable cases in from 10 to 30 days, after celebrated physicians and surgeons had given up all hope of saving them.

After you have seen the marvelous results of this treatment, you will be surprised how easily you can cure yourself at home without risk or danger.

I have one of the finest sanitariums in the country for those who wish to come and have my personal attention. However, you can cure yourself just as well at home. Any back or breast sore, or lebanon will tell you we are reliable and successful in curing cancer.

Fill out the free coupon below with your name and address and send it today.

FREE CANCER CURE.

If you suffer from cancer in any form, simply fill in your name and address on dotted line below, and mail today to Dr. Curry Cancer Cure Co., Curry Sanitarium, Lebanon, Ohio. You will be surprised how easily you can cure yourself at home without risk or danger.

EUROPEAN STREET RAILWAYS

Municipal Operation Is Resulting In Slow Development and Poor Service.

Under municipal operation, or the threat of it, the development of street railways in Europe has proceeded along different lines from those followed in this country. Here we have had a rapid extension of track into new and often temporarily unproductive territory, long hour service, high speed and free transfers. In Europe the track pushes slowly even into well settled suburbs, the hours of service are shorter, the cars are slow, and no transfers are given. The one advantage that the European has secured is a low fare for a short ride, and even this fare is not as low as appears on the surface on account of the higher value of money in Europe as measured in terms of wages. Briefly, however, it may be said that in Europe cheapness has been secured at the cost of quality of service. The same conditions are apparently resulting from the semi-municipal ownership which has just gone into effect in Cleveland. The people of this country want good service first of all, and they are willing and able to pay for it. With us cheapness is a secondary consideration, as any city will find to its sorrow if it secures cheapness at the cost of service.

A Bad Railway Wreck.

A recent issue of the London Engineer contains an account of a railway accident in Australia in which forty-eight persons were killed and 419 were injured. The Australian correspondent writes:

"After the accident the state of affairs was rendered more horrible by a fire which broke out. Unlike the American trains, Australian trains are not fitted with axes, hammers, jacks and such appliances to facilitate the removal of the victims after an accident, and a great deal of the trouble and even many of the deaths may be directly traced to the delay in extricating the sufferers from the burning debris."

"Not only is Victoria an example of a country where the railways are entirely owned and controlled by the state, but for many years it has been held up as a model of the advantages which follow that political system. At one time in this state of Victoria public safety was regarded as of greater consequence than revenue. Lately, however, the local press has been complaining that too great economies are being practiced for safety."

ALEXANDRIA.

O. C. Jones, wife and daughter of Newark, and guests, Mrs. Harriet Williams and daughter Given of Chicago, visited Tuesday with Mrs. Caroline Stinson and George Stinson and family.

Mr. and Mrs. George Franklin, Mr. and Mrs. Ed. Frank and the Misses Otta and Ethel Ross of Newark spent Sunday in town, guests of Mr. and Mrs. William Browning.

Miss Anna Jones is visiting friends in Columbus and Urbana.

Mrs. William Rusler and daughter, Miss Olive, were guests of friends in town last Saturday.

Mr. J. D. Loyd and Mrs. C. A. Gilmore were among the Newark visitors Tuesday.

ONE MILLION DOLLARS FOR A GOOD STOMACH

THIS OFFER SHOULD BE A WARNING TO EVERY MAN AND WOMAN.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric fluids their digestive power, and to make the stomach strong and well.

We know that "Royal Dyspepsia Tablets" will positively and permanently cure a disordered stomach, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result. Price, 25 cents. Only at our store, or by mail, Hall's Drug Store, 10 North Side Square.

We have an elegant line of new fall underwear in, and know that you can suit you. Come in before you buy. J. W. Hansberger. 20-22

Forest Green Soft and Stiff Hats for Men at Hermann's the clothier.

Some fellows are always expecting the worst of it and then growl when they get it.

When a despondent lover leaps over a precipice he may do it merely for a bluff.

Meridith Bros.

Washington Fashioned Apparel
THE WASHINGTON CO.
NEW YORK

EXHIBIT OF OLD VEHICLES.

Novel Feature For National Horse Show of 1908.

Plans are under way for an exhibition of ancient carriages, sleighs, harness and other equipment in the concert hall of Madison Square Garden during the week of the national horse show to be soon held in New York city. James T. Hyde, the secretary of the association, has undertaken to collect the material for the proposed carriage show. New York has several notable vehicles of this kind, and many more scattered around the country will doubtless be forthcoming to make the proposed show one of rare importance and interest to all votaries of riding and driving. James Hazen Hyde owns a collection of old American carriages, which long ago should have found a place in one of the public museums. It comprises travelling coaches or chariots, postchaises, curries and other quaint old vehicles of eighteenth century design. Studebaker Bros. are the owners of two historical carriages. One is the barouche in which Abraham Lincoln rode to his inauguration as president of the United States. The other is the carriage built for General Lafayette and presented to him by the United States government on the occasion of his last visit to America.

One of the oldest vehicles in New York is a sleigh built in 1760. This primitive old sled was owned many years by Charles Weide and was known to nearly everybody in Harlem. It is still in a good state of preservation. Another notable old sleigh is in the possession of R. M. Stivers, who built it about fifty years ago for Commodore Vanderbilt. It is lighter than almost anything in speeding sleighs that the builders of today can turn out. A fit companion to this old time trotting sleigh is the ninety-nine pound road wagon built about forty years ago for Louis L. Lorrillard to decide a wager that a serviceable road wagon with pole and yoke complete could not be built to weigh less than a hundred pounds.

Among the old time trotting vehicles available for the exhibition is a high wheeled sulky drawn in races fifty years ago by Flora Temple, the first horse to beat 2:20. Alfred B. MacLay is the owner of a most interesting collection of antique bits. These have been gathered from all parts of the world and represent the horsemanship of all nations and all periods. Everything that is old and interesting as illustrating the progress of coach building and horsemanship will be used in connection with the new feature for the show.

PERT PARAGRAPHS.

It is really rubbing it in to be stout and have dyspepsia too.

No matter how good a man may be, we somehow find it hard to forgive him for it.

If you are going in for self culture, the only proper way to do it is to begin with your grandparents in their infancy.

It is very clear that the man who hadn't a word to say wasn't a woman.

Unresponsive.

(WHAT ARE YOU CRYING ABOUT?)

"My dear, I think we must have been married in a former incarnation." "Does it seem that long?" replied the brute.

Record For Corn.

Norman S. Brewer recently harvested 133 1/3 bushels of corn from a single acre on his farm in Hockanum, Conn., which is said to be a record for the United States.

DON'T LOSE YOUR VOTE FOR BRYAN

BE CAREFUL ABOUT MARKING YOUR BALLOT

There are only two ways to cast your vote for Bryan so it will count.

THE SURE AND SAFE WAY is to put the X-mark IN THE CIRCLE UNDER THE ROOSTER.

The other way, WHICH IS MORE DIFFICULT AND UNCERTAIN, is to put an X-mark in the square at the left of each of the 23 presidential electors on the Democratic ticket under the rooster.

Mr. Bryan's name will be on the ballot at the head of the Democratic ticket, but there is no blank square opposite his name because we do not vote direct for president. We select 23 presidential electors in Ohio to cast the vote for Ohio.

AN X-MARK OPPOSITE THE NAME OF MR. BRYAN WILL COUNT FOR NOBODY, AND THE VOTER WHO MARKS HIS TICKET THAT WAY WILL LOSE HIS VOTE.

An X-mark opposite the name only of the first presidential elector will count ONLY FOR THAT ONE ELECTOR and not for the other 22 electors. The voter who makes that mistake will cast only one-twenty-third part of a vote. THIS MISTAKE WAS MADE IN 1892 WHEN ONLY ONE DEMOCRATIC ELECTOR WAS CHOSEN, whereas all the Democratic electors would have been chosen that year if the voters had marked their ballots correctly.

MAKE NO MISTAKE THIS YEAR. Take the safest plan and MARK IN THE CIRCLE UNDER THE ROOSTER. If you don't do that you must mark every one of the 23 presidential electors on the Democratic ticket, which takes 23 X-marks.

THE REPUBLICAN VOTER, or member of any other party, WHO WANTS TO VOTE FOR BRYAN, will find it safer to put the X-mark in the circle under the rooster, and then mark for the candidates on his state and county ticket for whom he desires to vote.

THE BALLOT WILL BE SO BIG THIS YEAR THAT MISTAKES WILL BE EASILY MADE.

TAKE NO CHANCES. MAKE YOUR VOTE FOR BRYAN SAFE by marking in the circle under the rooster, and then mark for candidates on the state and county ticket according to your choice.

Headquarters For the Celebrated SUNRAY GAS HEATERS AND RANGES

No need to wait until you save up the amount required. We'll deliver whatever you wish now and you can pay us on the

PARISH EASY PAYMENT PLAN

A small sum down and the balance as convenient in weekly or monthly payments. No red tape. No embarrassing features.

Sunray Gas Range

insures a hot oven, a small gas bill, a contented housewife and well cooked meals. The oven bottoms are made of steel, cast iron and asbestos combined. All Sunray Ranges have anchor plate tops and one piece cored and drilled burners. All polished steel bodies—no paint to burn off.

Sunray Gas Heaters

We positively guarantee that Sunray Gas Heaters are cemented in every joint and are air tight, therefore will never leak offensive odors, fumes or sweat into the room.

Have needle valves and changeable gas inlets so they can be adjusted to any gas without trouble.

Combustion Chamber is solid cast iron, no steel parts come in contact with the fire.

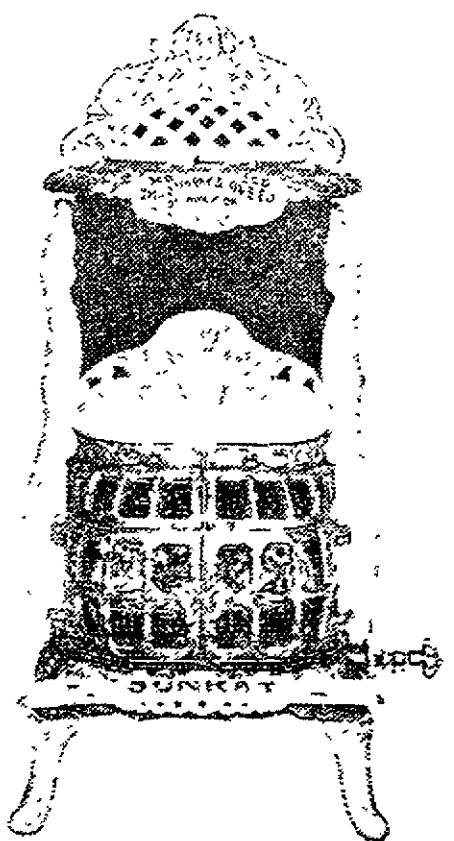

Have the greatest hot air circulating capacity of any stove made.

Have the Shepard's Crook mixing chamber in all burners, and adjustable mixer.

Are made in 18 sizes and styles to suit every purpose, from small bed rooms to stores, churches and halls.

Will not make a dirty, black spot on the ceiling. They send the hot air out into the room where it is needed to do the most good.

Sunrays are the only gas stoves that provide for the disposal of the fumes so thoroughly as to make it absolutely safe to sleep in the same room in which they are burning.

The real cold weather will soon be here. Don't let it find your family uncomfortable. Make your selections now.

It's Easy to pay the Parish Way.

VOTERS

WHO WERE ABSENT FROM CITY WILL BE GIVEN OPPORTUNITY TO REGISTER.

Those Voters Who Have Moved From One Precinct to Another Since Registering Must Secure Transfers.

There will be one more chance to register for those who will make affidavit that they were out of the city on the recent various registration days. All such persons can go before the board of deputy state supervisors of elections in their rooms in the Hibbert & Schaub block, Monday afternoon, between the hours of 1:30 and 5 o'clock, and after receiving the necessary papers, they may register in their resident precincts, which will enable them to vote.

Those who have moved from one precinct to another since registering will have to secure a transfer. This can be done Monday afternoon between the hours of 2:30 and 5:30 o'clock by going to the precinct where they formerly lived, securing a transfer and having it registered in the new precinct where they expect to vote.

TO PLUCK RAIN FROM SKIES.

Myers to Drown Forest Fires by Exploding Big Gas Filled Balloon.

Carl E. Myers of Frankfort, a suburb of Utica, N. Y., is going to pluck a rainstorm from the skies that the forest fires may be extinguished. Mr. Myers is a veteran balloonist and aeronautical engineer and claims that down in Texas some years ago he produced rain that spread over several states. His plan is to send up into the sky a big balloon filled with gases, which he explodes with an electric spark. The explosion will be terrific. In an experience of this kind there has never been used a balloon more than ten feet in diameter, but on this occasion a balloon having a diameter of twenty-five feet is to be used. Myers proposes to cause the first explosion somewhere between Utica and Frankfort within a few days. Large quantities of iron filings and of sulphuric acid are used in generating the gases.

Myers has been engaged by several paper companies of northern New York whose forest lands are melting away to ashes to make rain. He contends that the Mohawk valley is a better place to start the rain and that once begun the rainfall will extend to the mountains.

Fish Diet For Trees.

Dead sharks are being utilized for enriching the soil in the Australian state of Tasmania, reports Consul Baker of Hobart to the state department at Washington. Three sharks are used for each tree in the big apple orchards. A plant is to be built on Northwest bay with a capacity for forty tons of raw fish per day, and the machinery will be purchased in the United States.

Fine Rainmakers.

Since we have dropped the Teddy bears The surplus we should create And send them to the heathen For idols up to date.

Best He Could Do.

"What are you doing for a living these days?"
"Working."
"Is that possible? I heard you were in hard lines, but I did not suppose it was as bad as that."

STOP DRINKING!

Urine Destroys the Craving for Drink—Cure Effectual or Money Refunded.

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it.

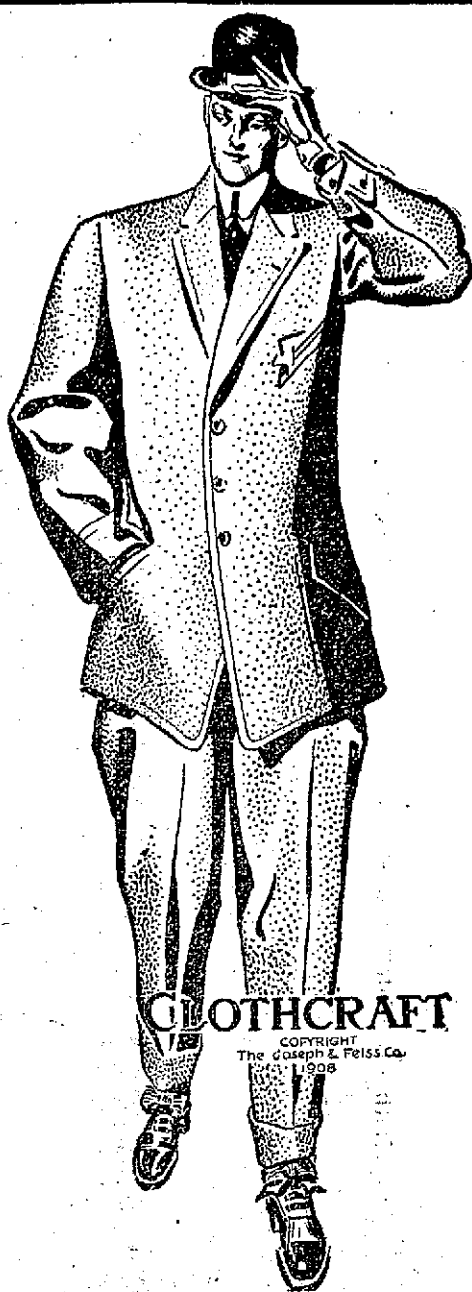

But now it is gradually dawning on the world that pledges do not stop drunkenness. When a man takes a pledge voluntarily, he expects to keep it. Every man expects to keep his word and every broken pledge costs the drinker a broken heartache. But he cannot help it. He fights as long as he can, then succumbs to the craving. The nervous system of the habitual drunkard is diseased and he must have treatment that will cure this condition.

Urine is sold under a positive guarantee to cure the drink habit or the money will be refunded. No other treatment for the liquor habit is sold under such a liberal guarantee.

Urine is prepared in two forms: No. 1 a powder, perfectly tasteless and colorless, which can be given secretly in any food or drink. Urine No. 2 is in pill form, for those who wish to be cured of the habit, and it should be taken by everyone who swears off.

No matter which form of Urine is used the guarantee is the same. The price of Urine is \$1.00 per box, mailed in plain sealed wrapper upon receipt of price. Write for free booklet on "How to Cure Drunkenness" (mailed in plain sealed envelope) to The Urine Co., Washington, D. C. Urine is sold by Frank D. Hall 12 North Side Square.

The Right Styles

THIS Model is designed for rather extreme fashion for grown up men. Very attractive and graceful in its lines. Pure wool always. They range in price

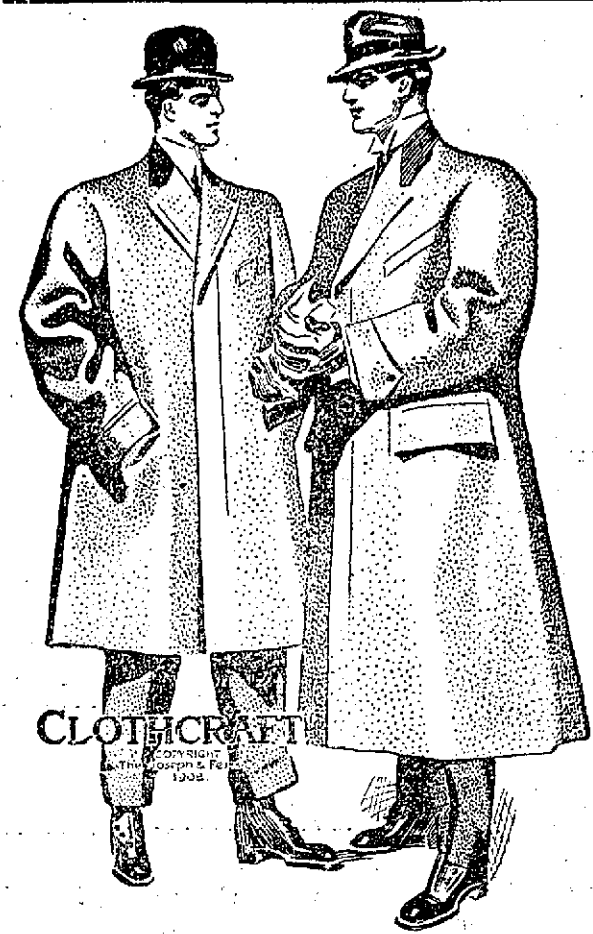

\$15 to \$25

Two Fine Models in Overcoats

The "KING" and the "STRAND." These are conservative models and yet possess plenty of style to insure natty appearance

The "King" is 46 inches long, while the "Strand" is 52 inches long. In fine Kerseys, neat stripe effect. Prices very reasonable

THE GREAT WESTERN

Humor and Philosophy

By DUNCAN M. SMITH

THE CONTENTED.

When crops are good and prices high
The man with wheat to sell
Cannot believe that times are hard
And all things are not well.
For him the outlook is so fair,
He roars in the air,
He cannot see why all the world
Can't take his point of view.

The man who has a pleasant job
That pays him ready cash
Cannot believe the world is just
About to go to smash.
Or that the times are out of joint
Since he is in the swim.
There may be rumblings underground,
But things look good to him.

The chap with money in the bank
And rents that come to hand
An outcry of calamity
Can hardly understand.
Since he can meet the grocery man
With an unflinching eye,
He cannot see how any one
On dollars can be shy.

And so it is, if fortune has
Been of a friendly turn.
He cannot see why every one
Has not some change to burn.
The world looks good to him indeed,
As melons ripe on ice,
And everything is quite O. K.
If he has got the price.

Scrapping a Good Pump.

The city of Joliet, Ill., has just been put to a heavy and unnecessary expense because of the lack of permanence of important employees, which is one of the characteristics of municipal operation. The Municipal Journal and Engineer tells the story:

"After having purchased and installed a 3,000,000 gallon pump it has been discovered that the city might have increased the capacity of its old pump 1,200,000 gallons by a slight and inexpensive change to an old pump. When this pump was installed some ten years ago it had a sixteen inch plunger. As the boiler capacity of the plant was then short and there was an insufficient supply of steam, the sixteen inch plunger was taken out and a fourteen inch substituted, with a proper fitting. This circumstance was apparently not recorded and was unknown to the present officials."

Disguised Payments.

City payments are sometimes disguised so that the actual amount paid by the city must be carefully investigated. In some cities under municipal ownership there is no charge for hydrant rental, but interest charges, repayment of bonds, appropriations to meet deficiencies, etc., may equal or even exceed a proper hydrant rental. This is bad bookkeeping and should be corrected.—Charles Carroll Brown, M. Am. Soc. C. E., in Water and Gas Review.

The Woonsocket (R. I.) Gas company is replacing its old meters by new ones, as they were all slow. This was discovered by a consumer who objected to his bill being too large. Upon testing the meter it was found to be 37 per cent slow, and then he was sorry.—Progressive Age.

The municipal electric light plant of Hastings, England, closed its fiscal year with a loss of nearly \$15,000, with no allowance for depreciation.

There are no same laws governing the speed of killing time.

In one of the progressive western states where the women go to the polls along with their brothers and deposit their ballot for the candidate they like best an orator was addressing an audience in which the fair sex predominated.

"I see before me," he said, "so many who will cast their ballot for the first time!"
He got their votes.

The Submarine Race.
[A race between the submarine boats in the American navy has been arranged.—Press Dispatch.]

With deep sea folk was lined
To see which boat would win the race
And which would lag behind.
"I'll wager fifty," cried a fish,
"My choice wins by a rod!"
"Go on!" the answering chorus came.
"You're nothing but a cod!"

The goldfish, bet his coat of mail
Against tarpon's silver scales.
And there was spouting right and left
"Twist two most sporty whales.
The bluefish sat disconsolate
Because he had no cash
And therefore could not bet upon
This subaquatic dash.

But when the race at last was run
The bettors all were hst.
"Twins won by craft that not a fish
Had dreamed would ever be it.
And when the dead broke crowd swam
In mood far, far from merry
They muttered, just as humans do,
"That race looks fishy—very!"
—Arthur Chapman in Denver Republican.

To Wash Flannels

P. & G. Naphtha Soap is ideal for that purpose.

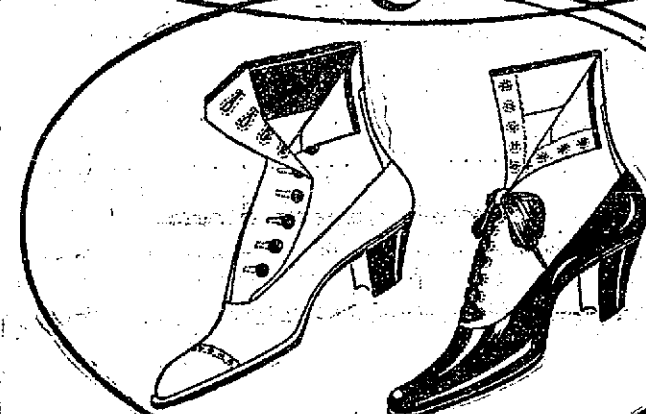

Read these directions:

Brush and shake flannels free from dust. Make a suds in lukewarm water. Let the flannels soak ten minutes. Meanwhile, make a strong soap suds in a quart of warm water, using a soft brush to get the soap off the cake. Squeeze and press the flannel in the soapy water; if any soiled parts appear, stretch the part on a smooth surface and rub the strong suds into the cloth with the brush. Use a wringer for flannels; do not twist them. Put flannels through a second light suds if they are much soiled, always having each water to be used no warmer than the first. Rinse until water is clear, using two or three waters if necessary and adding a little soap to each water if it is hard. Stretch garments into shape and hang them to dry. Underwear will need no pressing, but dress goods should be taken while damp and ironed till dry with a warm (not hot) iron. Iron the wrong side of the material if possible; if not, cover material with a cotton cloth of the same color and press until dry.

P. & G. Naphtha Soap is sold by good grocers everywhere.

The price is 5 cents a cake.

Dorothy Dodd

\$3.50

\$4.00

FLEXIBLE

THE worst thing about breaking in a new pair of shoes is the hard, stiff feeling of the soles. You instantly notice a great difference when you put on a pair of "Dorothy Dodd" Shoes. They are especially constructed with the object of securing extreme flexibility of the innersole. The foot feels as if it rested on a soft cushion, instead of on a hard leather bottom. They combine all these minor points which count for a great deal if you value comfort and care to escape fatigue. Yet they cost but \$3.00, \$3.50 and \$4.00 the pair.

LINEHAN BROS.

FRIDAY---CLEANING DAY

Well, if you are using ELECTRICITY, there will be no cleaning day, at least, not the kind that you have been accustomed to—but, we forget the gas heater, which does make some dust and dirt, so we will tell you about the ELECTRIC SWEEPER.

This time, patience, labor and money saving pieces of machinery CLEANS BY SUCTION, and SWEEPS BY POWER FROM AN ELECTRIC MOTOR attached to the sweeper.

You get rid of ALL the dirt ALL the time. It is simple as a carpet sweeper and low enough in price to be within the reach of a moderate income.

If you use the broom or ordinary carpet sweeper, you have lots of dusting to do; but, not so with the ELECTRIC SWEEPER, for it sucks the dust into the dust receiver, consequently you are soon through with your work on CLEANING DAY.

Tomorrow we are going to tell you some interesting things about baking in the Electric oven.

The Licking Light & Power Co.

DEMOCRATIC MEETINGS

Assignments Which Have Been Made for the Various Townships by the Executive Committee.

Following is a list of Democratic meetings, which will be held in the various townships throughout the county. The assignments are all good ones and everybody is invited to come out and hear the issues of the day discussed from a Democratic standpoint:

Friday, October 30.
Madison township, at Madison township house—E. M. P. Brister and Roderic Jones.
Bowling Green township, at Brownsville—Phil B. Smythe and C. W. Miller.
Franklin township, at Franklin township house—J. A. Flory and Ed. M. Larson.

Saturday, October 31.
AFTERNOON.
Hartford township, at Croton—E. M. P. Brister, Phil B. Smythe and Roderic Jones.
EVENING.
Fallsbury township, at Fallsbury—Walter A. Alsdorf and T. B. Fulton.
Monday, October 22.
Washington township, at Utica, at 7:00 o'clock p. m.—Phil B. Smythe and Walter A. Alsdorf.

We have an elegant line of new fall underwear in, and know that we can suit you. Come in before you buy. J. W. Hansberger. 39-21

COOK STOCK COMPANY.
The Carl W. Cook Stock Company played "A Convict's Sweetheart," to a large and enthusiastic audience at the Auditorium last night, and the bill was one of the company's best offerings. Tonight the company will present a grand revival of that famous story that will never grow old, "The Two Orphans," and from the favorable press comments the Cook company must be able to give out of the ordinary production of the play. At the matinee tomorrow, "A Boy of the Street," will be the offering, and each child attend

ing will receive a present of a toy that will interest and amuse them. At night the bill will be that great success, "The Burglar."

ECZEMA AND OTHER SKIN DISEASES BEING CURED RAPIDLY.

In a recent visit to one of the largest local drug stores it was learned that the sale of the drug citrox has increased so rapidly that it is almost impossible for the druggists to keep a sufficient supply of it in stock. Evidently citrox does what is claimed for it by its discoverer.

Dr. J. E. Carrier, a prominent scientist of London, Eng., discovered not many months ago that a teaspoonful of pure citrox dissolved in two tablespoonfuls of hot water and applied twice daily to any part of the body affected with Eczema, Tetter and other skin diseases would cure almost any case, and the sale of citrox has been remarkable.

The pure drug only should be used, just as it comes from the chemical works, put up in small sealed packages.

ETNA.

Union Suits and Two-Piece Underwear (the good kind) for Men and Boys at Hermann's the Clothing

POLICE COURT

With his head swathed in bandages, his right eye in deep mourning, a slight cut across his lip and very "trembly," John Ballen appeared in police court Friday morning to answer to the charge of being drunk and fighting. He pleaded guilty to both charges, smiling ruefully as he felt of the bandages. He was picked up last night at 8:45 by Officers Moore and Gorman, and when searched he had \$56.15 and a watch on his person. Ballen started out all right, but the booze made him quarrelsome and he hunted trouble, that he found it was very evident when he entered the court room from the cell he had occupied. He formerly lived in Newark but for some time past he has been working in Cincinnati and when he reached Newark he started in to jollify.

John Stolenbarger of the Welsh Hills, was released from the city prison Tuesday, and he was returned again last night. Officers Donley and Daerr picking him up for being drunk.

Anda Dredur, a foreigner, was arrested at 4 o'clock this morning by Officer Shively. Dredur was drunk and prowling around when picked up. He refused to answer any of the questions asked him, but he was given \$1 and costs just the same.

WOMEN, LOVELY WOMEN.
"Fair Tresses Man's Imperial Race Ensnared," Says Pope.

The grandest of feminine attraction is a beautiful head of luxuriant hair. Glorious hair! Great poets have sung its praises; artists have endeavored to portray it accurately, but have seldom succeeded.

Are you a woman? Would you crown yourself with glorious hair? Would you add doubly to your present attractiveness? Then go to the drug store of T. J. Evans and ask for a bottle of T.

ian Sage, the great hair tonic and beautifier. A large bottle costs but 50 cents, and in one week's time it will change harsh, lusterless, untidy hair into soft, silky and luxuriant hair.

Parisian Sage is fully guaranteed by T. J. Evans to stop falling hair, cure dandruff and itching of the scalp in two weeks, or money back. It kills the microbes, that's how it cures dandruff. It is a pleasant and invigorating hair dressing, does not dye the hair, and is not sticky or greasy.

"I have used Parisian Sage two weeks only, yet in that time I find my hair has wonderfully increased in beauty, thickness and luxuriance. But what surprised me most was the disappearance of all dandruff. It pleases me to recommend such an efficient remedy to all my friends. Gratefully yours, Mrs. Maud Hagar, 617 West 136th St., New York City."

For sale by Evans' Drug Store, or by express, all charges prepaid, from Groux Mfg. Co., Buffalo, N. Y.

THE BRIGHTEST GIRL IN HER CLASS.
"What is the greatest thing on earth?" the teacher asked one day, but there was not an answer—not a scholar there could say: "I'll give you one more chance," she said: "now, children, think again." "Oh, I know," said a little Miss. "Ma says 'tis Spartan Stain," she says 'tis good for floors and doors, and chairs and tables, too, no matter how they're worn or scuffed, it makes them look like new." And anyone who uses it will tell you just the same, so when you want a Varnish Stain please don't forget the name, Spartan Stain is the highest grade wood finish for use in the home. Manufactured by the Marietta Paint & Color Co., Marietta, Ohio. Sold by the Newark Paint Co., 31 W. Church Street.

Are you you going to buy A NEW COAT OR FURS this winter? We have just got in the grandest Long Black Coats and also a nice line of Furs. And the prices are so low that anyone can buy. Come in and look, even if you don't buy.

J. W. HANSBERGER.

ED DOE'S PANTS

They did belong to another fellow, we bought them. One thousand pair at 50c on the \$1.00. The original price was \$4.00 and \$2.00 the pair. Our price \$1.00 for the \$2.00 line. See them sure. Our price for the \$4.00 line is \$2.00. They are ALL WOOL, side buckles, belt straps, flaps on hip pockets, and are selling at exactly one-half price.

Hard times chloroformed with our little prices on suits.
